

C3.1.5 Animals can be our friends too

A. Read and discuss

Most of us have a pet, or more than one pet at home.

Domestic animals can live in our homes.

Dogs, cats, fish and birds are all types of domestic animals.

We need to take good care of our pets.

Taking care of pets includes giving them enough food and drink and making sure they are happy and comfortable.

B. Watch this video and discuss: (orally)

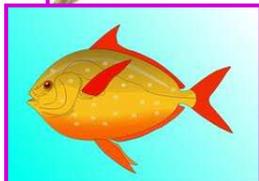

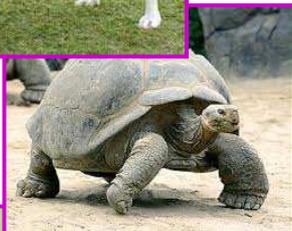

<https://www.youtube.com/watch?v=J0tdQnca9FU>

1. Where was Elly?
2. Was she alone?
3. What were the children doing?
4. What sound did Elly hear?
5. Why was the kitten meowing?
6. How do you think the kitten got hurt?
7. How did Elly feel for the kitten?
8. What did she decide to do?
9. Where did Elly and her friend take the kitten?
10. How did Elly show her love for the kitten?
11. Can we say that Elly found a new friend at the park?
12. How can the girl and the kitten be friends?
13. How can Elly continue to take care of her new pet?
